

Appl. No. 10/647,814
Examiner: Solak, Timothy, Art Unit 3746
In response to the Office Action dated July 28, 2004

Date: October 28, 2004
Attorney Docket No. 10111953

AMENDMENTS TO THE SPECIFICATION

Please replace the entire text of the title with the following:

—Inflatable Product Having an Electrical Inflator

Please cancel the paragraphs beginning at at page 2, line 1 and page 2, line 4.

Please add the following two new paragraphs at page 2, line 1:

— In an embodiment of the invention, an inflatable product is provided. The inflatable product comprises an inflatable body, a socket built in the inflatable body, and an electric pump, and a connector provided at a predetermined position of the electric pump for connecting an external power to actuate the electric pump. The electric pump comprises a pump body and an air outlet, connected to the socket to pump the inflatable body, wherein the pump body is wholly or partially located in the socket.

In another embodiment of the invention, an inflatable product is provided. The inflatable product comprises an inflatable body, a socket built in the inflatable body, and an electric pump. The electric pump comprises a pump body and an air outlet, connected to the socket to pump the inflatable body, wherein the pump body is wholly or partially located in the socket.
